Message from the President

Dear Colleagues,

Hope all of you have enjoyed the summer and some of the mild fall weather.

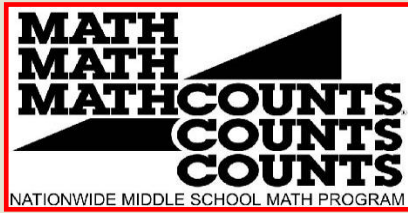

We have a large number of members who have retired and are still on the board. Among these is Jim Shurtleff, PE. I have been involved in the Broome Area Chapter for the last ten years, and, in that time, Jim has been a guiding light. He knows the workings of the organization (including the state) and he knows the engineering field. He has been a model member, always helping with the Engineer's Week Dinner and Mathcounts and many other tasks.

Jim, a huge thank you from your chapter.

Jim will be giving up his Treasure's duties after many years. He will still be on the board of directors; we can't let him go completely. Wonjune Hong will be the interim Treasure until we find someone to replace Jim.

Here is Jim presenting the Engineer of the Year Award to C. Roger Westgate, PhD, PE in 2011.

So, as we start our new year let's thank our older members and look forward to new people joining our ranks.

Take Care,

Frank Roma, P.E.
President

Member Recognition

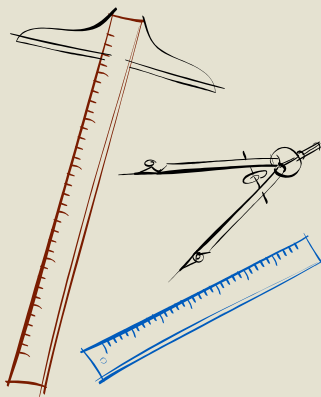

On behalf of the Broome Chapter of NYSSPE, I would like to extend our appreciation and thanks to the following members for their donations to our Scholarship and MATHCOUNTS Programs this year.

James Catella, PE
Paul DeAndrea, PE
Ken Ellsworth, PE
Theodore Lauve, PE
Anthony Mastrangelo, PE
Tom Mathias, PE

Paul McCabe, PE
Frank Roma, PE
Jim Shurtleff, PE
Richard Schwartz, PhD, PE
Doug Warneck, PE
Lorna Wells

The chapter currently awards three \$500 scholarships each year to a student, planning to pursue a Bachelor of Science Degree in engineering, from Binghamton University, SUNY Broome (Donald F. Brown, PE Memorial Scholarship), and Tompkins County Cortland TC3 (Engineering Science Scholarship).

We have been very fortunate to have donations totaling \$647 for MATHCOUNTS and \$800 for Scholarships for 2014. Their contributions make it possible for our chapter to support these worth-while programs.

Upcoming Events

Engineering Symposium and Professional Development Seminar: (Go to www.broomepe.org to register)
See attached Engineering Symposium Flyer

Date: October 21, 2014
Location: Binghamton Holiday Inn Arena
Time: 8:00 am to 4:00 pm
6 PDH's

Broome Area Chapter of the New York State Society of Professional Engineers, Inc. (NYSSPE) is a non-profit organization devoted to the promotion of the engineering profession. We are the local chapter of the National Society of Professional Engineers (NSPE) serving the six-county area of Broome, Chenango, Delaware, Otsego, Tioga and Tompkins. Our membership is composed of more than 70 registered Professional Engineers (PE) and Land Surveyors (LS), Engineers-in-Training (EIT), and engineering students.

We hold meetings several times each year, which include informative talks and facility tours. Other key programs are coordination of the local Engineers' Week Dinner in February, the MATHCOUNTS competition for area Middle Schools, scholarships for high school students entering engineering study, and promotion of legislation benefiting the profession and general public.

Each year, we offer several opportunities for local Professionals to stay current on the latest technologies through our [Annual Southern Tier Professional Development Symposium](#) held in the fall and at other events conducted by the Chapter throughout the year. We also keep our members apprised of other opportunities to earn Professional Development Hours (PDH.)

NSPE is the only professional society which represents Professional Engineers across all engineering disciplines and all employment areas: Construction, Education, Government, Industry and Private Practice. If you are a PE or LS registered in New York State, an EIT, or an engineering student at one of the colleges in our area, you are invited to join our chapter, state and national organizations and help promote the profession! Please [contact us](#) for membership information.
